

## TWO BOYS DROWN, 2 ESCAPE SIMILAR FATE WHEN KAYAK CAPSIZES IN RIVER OPPOSITE NEW HOPE; RECOVER BODIES

**Richard A. Jimson, 15, and Louis Andranola, 16, Both of Lambertville, N. J., Lose Lives—James Bishop, 17, Makes Futile Attempt to Rescue One—Youth—He and Harry Bowe, 13, Reach Shore Safely**

NEW HOPE, Pa., June 15—Two boys from Lambertville, N. J., were drowned yesterday and two others from the same community escaped that fate, when the kayak in which they were riding capsized in the Delaware River opposite here.

The lads who drowned are:

Richard A. Jimson, 15, son of Mrs. Clara Jimson, and the late Alfred Jimson, the latter a former well-known newspaper man.

Louis Andranola, 16, son of Mr. and Mrs. Charles Andranola.

Those who escaped the swirling waters after an unsuccessful attempt to rescue their two companions are: James Bishop, 17, and Harry Bowe, 13.

Jimson, Andranola and Bishop have been attending Lambertville high school, and Bowe is a student at Lambertville junior high school.

Yesterday afternoon at about four

o'clock the four, together with Titus

Tettermer, 16, of Lambertville, at-

tempted to board the two-man

kayak at what is known as the "Big

Rock" on Holcomb's Island on the

New Jersey side of the river.

Jimson, Andranola, Bishop and

Bowe were able to get into the 12-

foot craft but there was no room

for Tettermer, and he remained on

the bank.

As the kayak reached midstream

it capsized, apparently being over-

loaded.

Jimson and Andranola, unable to

swim, lost their lives after a fran-

tic attempt on the part of Bishop

to rescue Jimson. In trying to save

his pal's life, Bishop almost lost his

own, the struggling boy gaining a

firm grip on Bishop who managed

to break loose.

Bishop and Bowe then swam

1,000 feet to shore.

The Jimson boy's body was recovered

at 5:35 by Chief of Police Ros-

so, of Lambertville, and "Chief"

Tierney, an Indian who has a su-

perintendence in the laying of the

oil pipe line through this area.

"Chief" Tierney was assisted by

members of his rescue squad. The

body of the Jimson boy was floating

on the water when located. Andra-

nola's body was found by a grapple-

ing crew at midnight, 200 yards

below the point where the boat cap-

sized. It was found by New Jersey

state police and Lambertville police.

Coroner James Bumster, of Lam-

bertville, issued certificates stating

deaths of the two boys were caused

by accidental drowning.

## Elizabeth Loughran Is Honored at Dinner, Party

Mr. and Mrs. James Loughran, Pond Street, gave a dinner at their home on Saturday evening in honor of their daughter Elizabeth, who graduated from St. Mark's School in the afternoon.

Those present were: Mr. and Mrs. Anthony Martin, Miss Stella Peters, Mrs. Mary Wilson, Mrs. Anna Loughran and family, Mr. and Mrs. John Steve and family, Philadelphia; Mr. and Mrs. Melvin Dotter and family, Cornwall Heights; Mrs. Katharine Harkins and daughters Margaret and Katharine, Mrs. Anna Wilkinson, Thomas Burns, Miss Lorraine Lippincott, Joseph McInerney, Mr. and Mrs. James Loughran and family, Bristol; Miss Margaret Wydeck, Crydon.

The table was decorated with red roses.

In the evening, a party was held for Miss Loughran in Sons of Italy Hall, 125 attending, including members of the graduating class and guests. The hall was decorated in red, white and blue. Dancing was enjoyed and refreshments served. Miss Loughran was the recipient of many gifts.

## MARVIN ARGUST IS "MISSING IN ACTION"

**Youth of 18 Entered Merchant Marine Two Months Ago**

### BROTHER IN ARMY

Mr. and Mrs. Thomas Argust, of 215 Washington street, have received a telegram from the Coast Guard Commandant at Washington, D. C., stating that their son, Marvin Argust, is "missing and presumably lost following action in performance of his duty in the service of his country and in the American Merchant Marine."

Young Argust, aged 18, entered the service on April 12th.

His brother, PPC Ronald Argust, is in training with the U. S. Army air corps in South Dakota.

## Shoe Stores Jammed As No. 17 Coupons Are Used

"The biggest day in our 35 years in business" is the manner in which proprietors of one Bristol shoe store express the rush for shoes yesterday, purchasers anticipating the expiration of their No. 17 shoe coupon today.

All shoe stores in Bristol report busy hours from morning to night yesterday, with today promising another rush.

Moffo's Shoe Store, instead of closing at 8:30 or nine o'clock as is the custom on Monday evening, remained open until 11:45. An extra clerk was hurriedly called in the morning, and the three clerks tried hundreds of pairs of shoes on feet of hundreds of customers as the day advanced.

"The rush has already started today," was the comment of Mr. Moffo at 9:45 this morning.

Popkin's Shoe Store also realized how many people had waited until mid-June to use their No. 17 coupon. This store remained open an hour and a half beyond the usual closing time last evening, after hours of a steady stream of customers.

Hardy's Shoe Shop was another that experienced a rush. All shoe store operators state that acquiring of additional help for such a time is almost impossible, due to the fact that only regular clerks are familiar with stock, its location, etc.

The next shoe coupon in the ration book covers a period of 4½ months.

## EARLY MORNING BLAZE DAMAGES BELL APARTMENTS

**Flames Believed To Have Been Caused by Smoker On Third Floor**

### LOSS PLACED AT \$1,000

**Water Runs Down Into Rooms On The Second Floor of Building**

Fire this morning gutted one room of an apartment in the Bell apartment house, Radcliffe and Lafayette streets. Other rooms were damaged by smoke and water. The loss is roughly estimated by Fire Chief Clifford Hagerman at about \$1,000.

The blaze, Chief Hagerman believes, was due to a cigarette. He states that when the firemen arrived they found some bed clothing and material smoldering in the bath tub.

The apartment was badly scorched and the firemen had to use two 1½-inch water lines to keep the blaze from spreading to other sections of the building.

The heat was very intense.

The room where the blaze originated is on the third floor and the water used to quench the flames ran down into the rooms on the second floor.

The alarm was received at about 2:15 and the firemen were at the scene nearly an hour.

## Canning Demonstration Witnessed By 35 Women

Thirty-five women from Bristol and vicinity witnessed the canning demonstration as presented yesterday afternoon in Bristol high school home economics laboratory by Mrs. Ruth Miller. Mrs. Miller is state nutritionist from Pennsylvania State College.

The lecturer-demonstrator explained various methods of preserving food, and in her demonstration used both the hot-water bath and pressure cooking methods.

She canned asparagus, Swiss chard and rhubarb, the rhubarb replacing the tomatoes as an acid food inasmuch as tomatoes are not in season in this locality. She gave helpful information on the canning of both acid and non-acid vegetables.

Literature, which will prove helpful to the home-makers in canning surplus foods from their Victory gardens, was distributed.

Arrangements for the demonstration were made by Mrs. Charles Peet, chairman of home and citizenship department of The Travel Club, who planned the affair with Mrs. Katharine G. Moon, Bucks Co. home economics representative.

Mrs. Moon was unable to be present, due to another meeting scheduled for yesterday.

## VOLUNTEER FIREMEN TO AID BRISTOL CONSOLIDATED DEPT IN FIGHTING FIRES IN BOROUGH

Three volunteer fire companies of Bristol have approved an agreement whereby they will co-operate with the Bristol Consolidated Fire Department in fighting fires in Bristol Borough. The agreement is the result of conferences between the members of the fire committee of Borough Council, Burgess Clifford L. Anderson and representatives of Bristol Fire Company No. 1, America Hose, Hook & Ladder Co., No. 2, and Good Will Hose Company, No. 3. The agreement was offered in Council last night, by John H. Wichser, chairman of the fire committee of Council, who also moved that council approve it, authorize the secretary to acknowledge the agreements to the three companies and thank them for their cooperation. The motion carried.

The volunteer companies are co-operating with the Bristol Consolidated Department and by so doing will furnish additional manpower, as the membership of the Bristol Consolidated Department has been

greatly depleted by members going into the armed forces of the United States.

The agreement reads:

Bristol, Pa., June 12th, 1943.

Officers and Members of Bristol Borough Council, Bristol, Pa. Gentlemen:

Your Fire Committee, in company with your Burgess, met with Committees from Bristol Fire Company No. 1, America Hose, Hook & Ladder Company No. 2, and Good Will Hose Company No. 3, and we have arrived at and agreed upon the following Agreement, which we are submitting to Council for approval.

Bristol Fire Company No. 1 will answer all first alarms in the First and Second Wards of the Borough of Bristol and all Second Alarms anywhere in the Borough.

America Hose, Hook & Ladder Company No. 2 will answer all first calls in the Fifth and Sixth Wards of the Borough and all Second Alarms anywhere in the Borough.

Good Will Hose Company No. 3 will answer all first alarms in the Third and Fourth Wards of the Borough and all second alarms anywhere in the Borough.

For all three companies, the following regulations were agreed upon:

Their Chief, or Assistant Chief in the absence of the Chief, will be answerable to Chief Hagerman of the Bristol Consolidated Fire Company, or in his absence, his First Assistant or Second Assistant Chief.

In case of out of town calls, they are to answer the call and notify the Bristol Consolidated Fire Company headquarters and let them know where they are and what apparatus they have taken to the fire, reporting when they return, so that our Consolidated Fire Company will know they are ready for duty.

The Borough agrees to furnish gas and oil, or both at the scene of the fire when required and also additional hose when required.

All three Companies agree to maintain, care for and equip their

## TWO OTHER SUITS

DOYLESTOWN, June 15—Three libels in divorce have been filed in the Court of Common Pleas, here.

Cruel and barbarous treatment is charged by Dorothy M. Stoop, 225 McKinley street, Bristol, who seeks a divorce from Harry A. Stoop, of the same address. The couple were married in September, 1932, in South Langhorne.

Charles Byron Scheetz, Plumsteadville, has started a divorce action against his wife, Dorothy B. Scheetz, Sellersville, charging her with desertion. The couple were married October 25, 1920, at Elkton, Maryland.

Naming her husband, John E. Mercer, of Fallsington, respondent, Catherine E. Mercer, Falls township, charges him with desertion and with offering such indignities to her person as to render her condition intolerable and her life a burden. They were married in Morrisville on February 1, 1923.

## ENTERS DAMAGE SUIT

DOYLESTOWN, June 15—Claiming damages amounting to \$10,000 for injuries received in an automobile accident, David M. Abbott, Bristol, charges that the defendant, Anthony Raccagno, also of Bristol, operated his automobile in a careless and negligent manner at a high rate of speed on Lincoln avenue, in Bristol, on December 21, 1942, resulting in a collision with a car being driven by the plaintiff.

## State Police Co-operate In Conservation Program

A wartime motor vehicle conservation program launched by the Department of Revenue Thursday night at Harrisburg will be carried into 35 Pennsylvania cities starting today.

The program which is a feature of the official semi-annual inspection period which began May 1st and ends July 31st is designed to promote better car care and to inspire early vehicle inspection.

The Department of Pennsylvania State Police is co-operating in the program by having its inspectors demonstrate proper inspection of automobiles for the benefit of garage owners and their mechanics who serve the public. Complete inspection of a car on the platform where the meetings are held is included in this phase of the program.

Speakers from the Revenue Department, State Police, Pennsylvania Automotive Association and other motor organizations will stress the importance of inspection to car owners, particularly war workers, whose automobiles may have to last for the duration of the war or until such a time thereafter as they may be replaced.

The schedule of meetings is as follows: June 14, Doylestown, Washington, Brookville, Bloomsburg, Lebanon; June 15, West Chester, Greensburg, Oil City, Williamsport, Sunbury; June 16, Norrisstown, Uniontown, Meadville, Bellefonte, Chambersburg; June 17, Upper Darby, Beaver Falls, Erie, Lewisburg, Gettysburg; June 22, Philadelphia, Butler, Bethlehem, Towanda, Lancaster; June 23, Philadelphia, Sharon, Allentown, Scranton, Schuylkill Haven; June 24, Philadelphia, Altoona, Reading, Wilkes-Barre, Smethport.

## Man Killed On Railroad Identified By His Son

The colored man killed when struck by a train on the Pennsylvania Railroad at South Bristol yesterday morning, was identified last evening by his son who came here from Philadelphia.

The dead man was identified as James Scott, of 3608 Sears street, Philadelphia. He is in his late seventies, it is stated.

The son of Mr. Scott identified the victim at the funeral home of George Molden, and arrangements are being made to take the body to Philadelphia for burial.

According to the son the elder Mr. Scott left home on Sunday, and the family knew nothing of his whereabouts until he was definitely identified last evening. It is stated that the elderly man was an amnesia victim. The fact that he was missing had been reported to Philadelphia police, and in Scott's clothing was found the address of a merchant near his home. A check-up led to location of members of his family, who came to Bristol last evening. Pennsylvania State Police of South Langhorne barracks investigated the case.

Council ratified an agreement for extension of water mains to the new housing project of the Federal Public Housing Authority, Bear Dam Road and Magnolia Road.

Council also instructed Fire Chief Clifford Hagerman to proceed at once with steps to have the dwelling owned by the Stackhouse Estate, Radcliffe and Lafayette streets, removed as a fire hazard and to proceed to have the demolishing of the old Buckley street mill completed.

Council met in the regular June session with President, Dr. J. Fred Wagner, presiding, and with Burgess Clifford L. Anderson attending. The councilmen absent were

## "GERMANS POURED OUT OF HILLS LIKE RATS"

**Morrisville Soldier Tells of Surrender of Enemy Troops**

### NORTH AFRICA AREA

MORRISVILLE, June 15—Writing from North Africa, Pvt. Edward Wilcox, Jr., gives his parents some interesting side-lights on conditions when the Allied forces took final possession of Bizerte.

The letter, written to Mr. and Mrs. Edward Wilcox, Union street, includes the following:

"The Germans poured out of the hills like rats. They came on horses, motorcycles, cars and on foot. All waving white flags." He remarked about their extremely happy and carefree mood.

He also saw a German general who had been captured with his whole staff. Later, Wilcox said he rode around in the car which the general had been using, said to be of French make.

## LATEST NEWS BULLETINS

### Ruhr Valley Heavily Bombed

London—The German Ruhr Valley armaments centers of Oberhausen was heavily blasted during the night, the Air Ministry announced today as American Flying Fortresses carried into the fifth day the new series of Allied bombardments of Europe.

"Royal Air Force heavy bombers last night targeted the western Ruhr, particularly Oberhausen," said the Air Ministry communique. Four motorized planes of the British bomber command showered the Ruhr objectives with high explosive blockbusters as other craft laid mines in enemy waters.

The British lost 18 craft in the assaults, which resulted in outbreak of large fires.

The Ruhr bombardment was accompanied by widespread assaults on France and the low countries by intruder patrols which blasted railway targets and barges. Two Nazi planes were destroyed in these sorties. Spitfire fighters in another early morning sweep destroyed three Focke-Wulf 190 dive-bombers and damaged others over Fecamp, France, between Dieppe and Le Havre.

### Pacific "Sub" Fleet Greatly Expanded

Washington—Secretary of the Navy Frank Knox today asserted that America's Pacific fleet has been greatly expanded as he intimated that the U. S. was preparing for important new operations against the Japanese. Referring to the eight American submarines lost in the Pacific while taking a heavy toll of enemy shipping, Knox said that their loss has been replaced, "many times over."

The Secretary explained the recent lull in major Pacific operations with the statement that "it takes a long while to get ready for any kind of a sizeable movement."

Knox then turned to the Atlantic and stated that America's war against Axis U-boats still was proceeding satisfactorily. He warned, however, that this conflict would not be over until the war was won.

## AMERICA IN THE AIR

It is reasonable to infer that  
the end of the war will set off  
keen rivalry for passenger, mail  
and freight air business in the  
Western Hemisphere. The differ-  
ence in air transport over the  
Americas and that over other  
continents is that war does not  
directly interfere with operations  
here. Planes over Europe, Africa  
and Asia are flying almost ex-  
clusively on war missions.

Looking into the future, the  
Wall Street Journal says: "In  
any event, the most troublesome  
question for the United States  
will probably be that of how  
many lines it shall permit to  
operate, or attempt to operate in  
foreign air commerce, the choice  
between a regulated monopoly for  
the sake of economy and financial  
strength or more than one line on  
the principal air highways for the  
sake of natural regulation through  
competition. The choice will not  
necessarily wait upon the end of  
the war, for application has been  
made to the Civil Aeronautics  
board for permission to  
establish a new air service be-  
tween this country and Great  
Britain, one contemplating the  
use of "seadromes," or enclosed  
midocean stopping places. Pro-  
ponents of this scheme contem-  
plate holding the seadromes open  
to use of American and foreign  
lines without restriction, a pro-  
posal which suggests the possi-  
bilities of future competition in the  
air."

One thing appears to be clear  
—that the scale and nature of  
peace-time world transport by air  
and its regulation by treaty and  
domestic law will evolve step by  
step, in some degree of depend-  
ence upon world conditions as  
shaped by the war and its results.  
As each step is taken, those who  
act on behalf of the United States  
will need to be vigilant to afford  
the national interest every rea-  
sonable protection. Gaining of  
that objective will tax the best  
technical and diplomatic brains in  
the nation.

## POST WAR MIRACLES

Stimulation of scientific re-  
search and the application of  
known improvements in ma-  
terials and processes under pres-  
sure of war urgency have inspired  
much discussion of a vast im-  
provement in communication,  
transportation and the general  
activities of the people at work  
and recreation.

So much expectation of ease  
and convenience has been aroused  
that some manufacturers have  
cautioned against overoptimism.  
They fear the consequences of  
disappointments over the failure  
of current promises. They point  
to the possibility that the people  
will lose heart and not be inter-  
ested in the improvements which  
will be at hand.

The average American of  
average years is not much con-  
cerned about the debate. He has  
seen too many miracles to be  
much astonished by the prospects  
of air travel for all, television,  
prefabricated houses, defeat of  
adverse weather conditions and  
the conquest of disease and even  
fatigue. He is sure that better  
days are ahead.

It is tanks, guns, jeeps  
And it's mountain-heaps  
Of bombs for the bombardiers.

Time was, a fellow was safer with  
The Services of Supply.  
But now, it's US that they lay for  
with

Whatever can shoot or fly.  
For the enemy knows if he pounds  
us flat

The boys at the front can't get to  
bat,  
So he's always banging and whang-  
ing at  
The Services of Supply.

In the S. O. S.  
We must take it, yes,  
Though it's nothing to gripe about.  
For it is just our chore,  
But we do get sore

That we never can dish it out!

Our columns are columns of num-  
bers in  
Processions that trample by,  
Endlessly wrecking our slumbers in

The moments we shut an eye,  
We dream of bullets and beef and  
beans,  
Of socks, shells, woolens and gab-  
ardines

Which we gotta total on adding  
machines  
In the Services of Supply.

Oh, the S. O. S.  
Is a dizziness  
And a headache. We seldom win  
Any great reward,  
But—praise the Lord  
And pass up the aspirin.

## New Hope To Open Recreation Center

Continued From Page One

The centre will be open morn-  
ings, Monday through Friday, from  
nine to 12:30 o'clock. Russell Hahn,  
health education instructor, of  
Buckingham high school, is to be  
supervisor. Children's activities will  
include bird study, nature study,  
story telling, puppet making, handi-  
craft work, nature hiking, picnics,  
etc.

There will be a street parade for  
children Thursday morning be-  
tween 9:30 and 10 o'clock to observe  
opening of the centre.

Two evenings weekly will be de-  
voted to adult activities. Individual  
and couple games will be played  
and other features added.

## Circus Day Party

Perhaps the circus or a carnival  
is visiting your town about this  
time of year. Perhaps the children  
are merely wishing such an event  
was in store. Anyway, the circus  
is a big thing in a child's life and  
anything that reminds him of a  
circus is enhanced in value.

Why not capitalize on this by  
having a circus day party for the  
children? Animal crackers, candy  
animals, animal toys as gifts, and  
animal games or puzzles may all  
be featured.

As a dessert, try the following  
recipe. It's light, healthful, de-  
licious and a real way to furnish  
milk to children who refuse to  
drink this healthful beverage.

**Vanilla Rennet Custard**

1 package vanilla rennet powder  
1 pint milk, not cauded  
Honey Whip

Animal crackers  
Set out 4 or 5 individual dessert  
glasses. Warm milk slowly, stirring  
constantly. Test a drop on inside  
of wrist frequently. When com-  
fortably warm, (110° F.), not hot,  
remove at once from heat. Stir  
contents of package rennet powder  
into milk briskly until dissolved—  
not over one minute. Pour at once,  
while still liquid, into individual  
dessert glasses. Do not move until  
firm—about 10 minutes. Chill in  
refrigerator.

For a topping, use Honey Whip  
around edges of each glass. Place  
animal crackers in the whip,  
standing up to give circus parade  
effect.

**Honey Whip**—Combine 1 stiffly  
beaten egg white and 1 tablespoon  
strained honey and whip with egg  
beater until fluffy.

**WOMAN**—To cook for 5 persons.  
Good wages. Easy hours. No eve-  
ning or Sunday work. Apply in

## 15th Anniversary Marked By Catholic Daughters

The Catholic Daughters of America celebrated their 15th anniversary on Saturday with a dinner at the Stacy Trent Hotel, Trenton, N. J. Covers were placed for 74. The tables were attractive with small American flags in eagle stands, and bouquets of cut flowers in red, white and blue. Favors were paper hats in the same tones.

Miss Julia McFadden, grand regent, welcomed members and guests, and introduced Miss Ann McGee who served as toastmistress. Miss McGee called upon the following guests for interesting talks: the Rev. Fr. Paul Baird, chaplain of the court; Miss Frances Maher, vice supreme regent and state regent, of Kane; Miss Mary Lambert, state secretary, Philadelphia; Miss Marie Stone, district deputy, Philadelphia. During the dinner, several members entertained. Miss Jean Wong,

gave a piano solo; Mrs. Marie Haefle and Miss Margaret Fallon rendered vocal solos, and Miss Rosemary Haefle entertained with selections on the auto harp. After the dinner, cards were enjoyed and a prize was given to the person having the highest score at each table. The chairwomen of this affair were Miss Mary Jane Clark and Miss Ann McGee.

## ON THE SCREENS

### GRAND THEATRE

Comicality piles on comicality as Lana Turner and Robert Young romp through a series of adventures in high gear in "Slightly Dangerous," the romantic comedy now playing at the Grand Theatre.

Lana plays the soda clerk in a department store, of which Young is the new manager. Tired of her routine, she puts on an exhibition of mixing sodas blindfolded. Young "fries" her. She leaves a suicide note, poses as an amnesia victim and

is "discovered" as a millionaire's long lost daughter.

### RITZ THEATRE

Your favorite screen performers starring in a new film which has romance, drama, hilarious comedy sequences, a wealth of songs, and all the other ingredients that provide socko entertainment—that's the good news at the Ritz Theatre where the Weaver Brothers and Elvira's latest picture, "Mountain Rhythm" is showing.

In the story, the Weavers decide to do their part in the war effort by going to the West Coast to take over one of the farms previously cultivated by Japanese families.

### Today's Quiet Moment

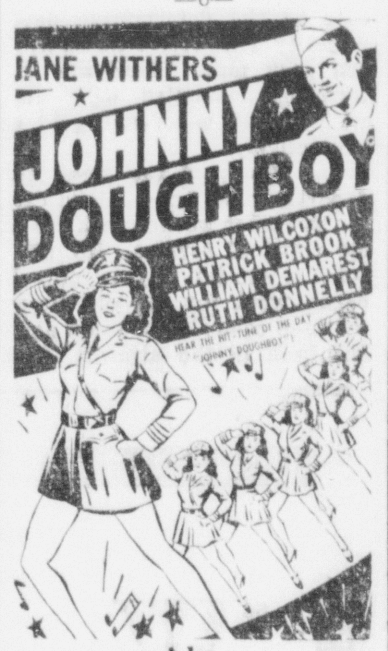

(By the Rev. James R. Galley)  
Pastor

We pray thy blessing, O Father, upon all who are bereaved. We thank thee for a faith which enables us to believe in a life after death, and enables us to rejoice in Jesus Christ our Lord. But in spite of our faith we are but human, and the agony of human separation which fills the human heart at the departure of a loved one is beyond description. Bless those who are so afflicted, and enable them to find in Thee that comfort and peace which passeth human understanding, and which will enable them to reconcile themselves to their new estate. Through Jesus Christ our Lord. Amen.

DIAMOND NINE MOVES NEARER TO FIRST-HALF HONORS

Rohm & Haas Team is Defeated By the Score of 3 to 0

HIRST ON THE MOUND

Wiser Came Through With Hit That Drove In The Deciding Run

BRISTOL SUBURBAN LEAGUE Schedule for Tonight ROHM & HAAS - VOLTZ-TEXACO (Maple Beach Field)

The Diamond nine moved a step closer to the first half championship of the Bristol Suburban League last night by blanking the Rohm and Haas team, 3-0, on the Maple Beach field. It was the sixth victory of the season for Diamond.

Dick Hirst, the Somerton boy, was the hurler who handed the goose-eggs to the chemical workers and it was his battery mate, Lou Wiser, who came through with the hit that drove the deciding markers across the plate. In whitewashing the Rohm and Haas team, Hirst allowed six hits but had to pull out of several tight spots to do the trick. A two-ply killing in the fourth prevented a threatening Rohm and Haas rally from developing.

In all, the losers had nine runners left on base and to cope with this, the Diamond nine had six basemen stranded. The winners had seven hits but Wiser's blow was the most decisive.

The losing moundsman was Paul Cervellero who deserved a better fate as he held the league-leaders to seven blows. The first tally against Cervellero should not have scored but the pair of tallies chalked against him in the sixth were earned and would have decided the tilt.

In that sixth frame, Bauroth singled to right and DeRisi was hit with a pitched ball. Doster went out for the second out. Falkenburg singled off Rudy's glove to load the bases. Wiser then delivered his hit to left which scored Bauroth and DeRisi. Pfaffenrath fled out.

The first run scored by Diamond was in the third. Pappaterra singled to left, was sacrificed to second, and went to third on an infield out. DeRisi was hit with a pitched ball. DeRisi was caught off first and in the run-down, Pappaterra scored before DeRisi was tagged out.

own apparatus without cost to the Borough.

In the case of Bristol Fire Company No. 1, your Committee and Burgess agreed to loan them one of the government owned Skid Pumps, mounted on a Borough owned truck, fully equipped with the necessary tools, etc. The Skid Pump and equipment being owned by the United States Government and loaned to Bristol Borough, the Burgess, as Local Property Officer, is held responsible for same. The truck on which the Skid Pump is mounted is the property of Bristol Borough.

Bristol Fire Company No. 1 agree to maintain and properly care for same.

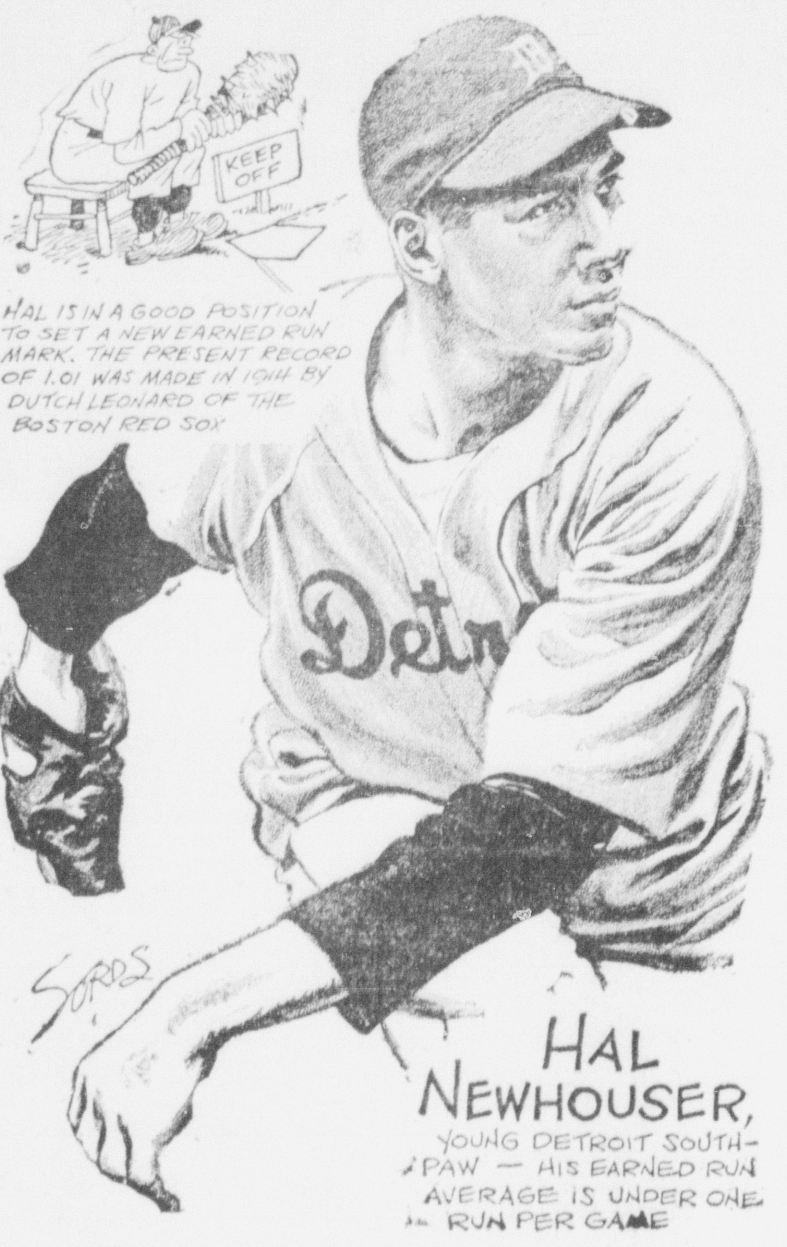

Inasmuch as we are extremely short of manpower, we feel that this agreement will furnish most necessary additional and competent fire protection to our community and to our defense plants.

We feel indebted to these Volunteer Departments for their co-operation and willingness to serve with us and we feel that an expression of appreciation should be sent to all three companies.

Respectfully submitted,  
JOHN H. WICHSE  
Chairman  
H. G. MITCHNER  
WM. H. PEARSON  
RICHARD T. MYERS  
C. L. ANDERSON,  
Burgess.

The Old Fashioned Hoe, Well Sharpened, Does a Fine Job in Cultivating.

Victory gardeners should be glad to hear that experts who argue heatedly over the advantages of cultivation, nowadays, all agree on one point-when you do cultivate, take it easy.

If you keep your tools sharp, an important point-and never neglect your garden long enough to let weeds grow big, you can run down the aisles between the rows of vegetables with no more physical exertion than is required to sweep a floor.

Deep cultivating, which stirs the soil several inches deep, is definitely out for garden crops. Experiments have demonstrated that deeply stirred soil dries out faster, and that this form of cultivation, which is very hard work, is likely to disturb the roots of your vegetable plants, and do more harm than good.

The right way to cultivate is to keep far enough away from the vegetables, so that you do not even disturb the roots which lie close to the surface, for these are the oldest roots and continue to play an important part in nourishing the plant, even when it grows large.

FLEETWINGS NINE TO PLAY FORT DIX ON H. S. FIELD HERE

Visitors Have A Well Organized Team of Seasoned Players

EXPECT GOOD GAME

Likely To Be Plenty of Stickwork in Diamond Battle

Fleetwings Arrows' baseball game, tonight, at Bristol High School field, with the Fort Dix Service Hospital team, promises to be one of those scorching ball games everybody regrets missing.

The Fort Dix aggregation's high-flying reputation is based on facts rather than wishful thinking. The team has several former minor league ball players who have proven long ago their ability to swat the ball and smother base-hit tagged line drives.

A disturbing factor, from the Arrows point of view, is the fact that the Dix team, all servicemen, is pretty much of a veteran organization. Many of the team played together last season and consequently perform with the smooth precision of a well-drilled platoon of soldiers. Dix has so far this season played the crack Camp Kilmer baseball team twice, winning one game and being on the short end of the other. The fact that the Dix team was able to even split with Kilmer labels them automatically as being formidable.

The Fleetwings Arrows, handicapped in their first game because of insufficient pre-season practice, are now rounding into great form. Their hitting, especially, has improved, and the Arrows are promising a free-swinging, slugger evening at six p. m. this evening.

Coming Events

Organizations whose announcements are printed in this column can reciprocate by having all printing in connection with announced events done by the publishers of this paper. Information must be complete when first given as alterations cannot be made after they have once been put into type.

June 26- Garden party, sponsored by St. Martha's Guild of Christ Episcopal Church, at "Wayside," home of Miss Gladys Connelly, Cornwells Heights, 3 p. m.

Police reported 14 arrests during the month with the cases disposed of in the following manner: Held for court, two; fined, eight; discharged, three; turned over to FBI, 1. Eleven lodgers were given shelter, three doors were found unlocked, 17 incandescent, one are and one bridge light was reported out. Five were fined for "all-night" parking and one was discharged. The radio car answered 98 alarms.

The privilege of the floor was given to Fred Leyden, representing the Blood Donors, to give council further information upon the request for an endorsement of a drive for funds by the Blood Donors. Mr. Leyden said that during the past three or four years the Blood Donors had contributed 250 quarts of blood.

President Wagner and Councilman Roche asked if the Blood Donors had conferred with the Bucks County Rescue Squad about placing one of their ambulances in Bristol. Mr. Leyden replied "no." "We are an independent organization," he said.

The necessity for two organizations providing ambulance service in Bristol was then brought forward. Burgess Anderson said that he thought that if a drive for funds was made that if the goal was not reached then the money should be returned to the contributors, otherwise it would practically be "obtaining money under false pretense."

Councilman Spring inquired if it was necessary to have two organizations of like character in Bristol and he asked "will the public support two organizations?"

Jacob C. Schmidt, Jr., was then given the floor and informed council that Croydon and Edgely and Bristol each had individual fire companies. He said that the Blood Donors have the men and the women trained ready to staff an ambulance. He said that Council was asked to endorse the drive at the suggestion of Burgess Anderson. "We need an ambulance in Bristol and we are going to have an ambulance," Mr. Schmidt concluded.

President Wagner said that if the proposed drive is conducted he hoped nothing would be done to antagonize the Bucks County Rescue Squad. He spoke in very complimentary terms of the feeling the medical profession has for the Bucks County Rescue Squad and the service which it renders.

A letter was read from the Lord Mayor of Bristol, England, to Burgess Anderson in which the writer told of receiving at the hands of a party of American soldiers from various Bristol in America, including Bristol, Pa., an American flag. The letter was ordered filed and Burgess Anderson said he would answer it.

William Warner, councilman second ward, presented a petition signed by 38 taxpayers complaining of the condition of the Stackhouse property, and terming it a fire hazard. The petition stated that the windows and doors are open, boys congregate in the building and that it is a fire hazard.

Councilmen Fry said that he had brought this matter before council several weeks ago and that Senator Howard I. James Esq., had informed that the heirs to the estate could not agree when he had a purchaser for the property. The petition was turned over to the proper authorities with power to act.

Councilmen Roche and Foster complained of the ruins of the old Buckley street mill as being a fire hazard and menace to children. This complaint was also referred to the proper committee.

Councilman Spring presented an agreement between the Water Committee of Borough Council and the Federal Public Housing Authority for the extension of a 12 inch water

main to the project at a cost of about \$7,000. The authority which at first wanted to pay only \$1,000 has finally agreed to pay \$6,500 of the cost. The proper officers of the borough were authorized to affix their signatures.

Brewster Employees To Receive Recognition

Nearly 800 employees of Brewster Aeronautical Corporation will receive service awards and also be guests at a special performance of "Star and Garter," at the Music Box Theatre, 45th Street, west of Broadway, New York City, on Sunday evening, June 29, 1943.

The presentations will be made by Frederick Riebel, Jr., Brewster president, and Walter K. Dow, operational vice-president.

The pins will be distributed to men who have had at least three years of service with December 31, 1942 as the determining date. A majority will receive three, five and ten year pins. These are in the form of enamelled wing designs with bronze, silver and gold bases respectively.

Carl Berg, of the steel fittings department at Long Island City, is the Brewster worker with the longest point of service. He will receive a special 35-year pin. Berg began work for the old Brewster carriage company 35 years ago and has been in the aircraft industry

for six years.

Joseph Rinck, of the sheet metal department at Long Island City, will receive a 30-year pin. Rinck was with the old Brewster company making carriages and automobile bodies for more than 31 years. He returned to service 2 1/2 years ago. Others to be honored include Herman Fischer, Long Island factory superintendent who worked for Brewster 16 years, left to enter business for himself and then returned five years ago in his present position; George A. Schwab, Long Island plant manager; Guy A. Luburg, head of the Newark division; and P. M. Stephenson, director of the Johnsville, Pa., division, all are on the list to receive service awards.

Another who will be honored is Thomas DeLorenzo, president of Brewster Local 365, UAW, CIO.

Altogether 84 workers from the three Brewster divisions will receive pins for ten or more years of service. About 275 are to receive five year pins, with approximately 450 scheduled for three year awards.

Many men who have been inducted into the armed forces during the past six months, and who had achieved service credit before leaving Brewster, will receive their pins by special arrangements made by the company.

This is the first time service awards have been made by Brew-

ster Aeronautical Corporation which is an outgrowth of the old Brewster carriage company founded by James Brewster at New Haven back in 1810. It also will mark the first time that war workers in the metropolitan New York area have received such awards at a special party arranged for their benefit through the purchase of the entire ticket sale of a hit show like "Star and Garter."
